As soon as Moore read the contents of the note, he armed himself with a shot-gun and hastening to the field where Strickland was at work, emptied the contents into his body. Moore came in and surrendered to Sheriff Dupety and his examining trial is set for Tuesday next. Riotous College Students.

WATERLOO, Io., May 29 .- The antisecret society men of the State Agri-

cultural College met last Friday night in a body about 11 o'clock in front of the society rooms, determined to break up a joint meeting of a secret society. There was great excitement; windows were broken by stones thrown from the crowd and 100 students united in the cry of "down with secret societies." Water was shut off from artificial founts in the rooms and noxious gases were liberated in the lower halfs for the purpose of driving the societies from their rooms. The secret society ment on a dull-times basis with a short force and a 10 per cent reduction in men attempted to come out, but the doors were fastened on the outside, and egress was made through a lower window. Rotten eggs were hurled after the secret society men as they incon-tinently fled. But one secret man was plucky, and drawing a revolver, fired, but fortunately did no injury. The scrimmage continued several minutes. Indiana, the only report of injury being from Vanderburg County. Fruit prospects are fair.
